# RSS Feeds

Internet updates in one place

# How to

- Feeds are somewhat hidden these days
  - I like https://www.rsslookup.com/
- URL that looks like https://sriya-g.github.io/atom.xml
- Paste URL into your feed reader
- Some feeds are full-text, some are previews only

# Use cases

- Blogs
- News sites
  - Some offer paid feed with subscription
- Youtube!
- Newsletters https://kill-the-newsletter.com/
- **Curating your own feed**

# Readers

- Many, many options
- Considerations:
  - Local or cloud account?
  - Feed organization?
  - Free or paid?
  - Limitations?
